Avondale College of Higher Education is required to assess applicants for admission against the Genuine Temporary Entrant (GTE) criteria as defined by the Department of Immigration and Border Protection (DIBP).

The GTE requirement explicitly addresses whether the individual circumstances of an applicant indicate that their intention is for a temporary stay in Australia. A genuine student is a student who intends to obtain a successful educational outcome and has the language, education and material background to have a reasonable chance of achieving this education outcome.

Factors that are considered under the existing requirement to be a genuine applicant for entry and study as a student include: English language proficiency; financial capacity; prerequisite schooling; age requirements; and intention to comply with visa conditions.
